Product Description

This series of games has each of 7 simple stories, which tell two different ways of resolving conflicts, showing the consequences of taking a good or a bad decision.
The game consists of 7 simple stories which narrate two ways of resolving different conflicts and show the consequences of taking a good or a bad decision. Each storyline is represented by 4 cards and the last two cards are reversible to show the two possible outcomes.
PEDAGOGICAL OBJECTIVES - Learning that the decisions we make have consequences (good or bad) and therefore our decisions entail taking
responsibility. - Developing listening skills. - Learning about notions of time (before, later, afterwards, etc.). - Learning about logical time sequencing by putting the scenes in the right order. - Stimulating and enriching language use: it motivates children's speech and starts them off on structuring language. - Helping to enrich vocabulary and assimilate complex language structures. - Helping to learn other languages.

Product Attributes

- Age: 3+
