Product Description

ARK's oro-Navigator™ is an oral motor tool specifically designed to promote lateral tongue movement. Use it to navigate the tongue from side to side to establish the concept of tongue lateralization, or up and down to establish the concept of tongue elevation. Simply place the cuff over the side (or front) of the tongue to guide it.

- Made in the USA out of medical grade quality, FDA compliant materials
- NO lead, phthalates, PVC, BPA, or latex
- Recommended for ages 3 years and up, depending on the mouth size
- Available in blue or clear.

-Dishwasher-safe

****Caution:** this therapeutic tool should be used under adult supervision at all times.
