Product Description

The Clown's Hat encourages small children to perform - because it is not easy to balance with something on your head! Concentration and balance are required to wear the Clown's Hat which develops body consciousness and attention to posture. Playing with the Clown's Hat can be both individually challenging and form part of competitive scenarios. The Clown's Hat is shaped to make it easy for small children to use and the parts are so soft that dropping the rings does not hurt.

Be sure to check out the video of the Clown's Hat to see it in action!
