Product Description

Association logic game where you have to associate 34 pairs of tiles that represent opposite or contrary concepts.

EDUCATIONAL CHARACTERISTICS

This teaching material is based on forming pairs of photographs representing **OPPOSING** or

CONTRARY CONCEPTS. Each counter has an opposite in either size, shape or condition (high / low;

dirty / clean; big / small), thus facilitating, by forming pairs, not only **LANGUAGE DEVELOPMENT**

but also the learning and use of **ADJECTIVES** and **PREPOSITIONS**.

PEDAGOGICAL OBJECTIVES:

- Incorporation and development of basic vocabulary.
- Comprehension of the concept of “association by opposites or contrasts” (understanding of “opposite attributes”).
- Introduction to using abstract thought (acts as a basis for establishing a mental association between opposites and taking the first steps from concrete thought to abstract thought).
- Development of observation skills, whether of the objects themselves or their characteristics and functions.
- Learning about prepositions, adjectives and the properties of objects.
- Learning about the position of objects in space (above / below ; in front / behind).
- Improvements to psycho-motor co-ordination skills in handling the cards and pairing them up.
