Product Description

Our Easi-Grip® Scissors are a range of ultralight weight self-opening scissors. Ideal for Early Years scissor skills development or for special needs due to weak hands or those who are unable to use conventional style scissors.

Easi-Tip

These scissors are ideal for children who have not yet fully established a hand dominance as they can be swapped between right and left hand for simple

snipping.

OTs recommend for...

- Children being introduced to scissors
- Weak grip or poor hand strength
- Difficulty isolating individual finger movements
- Children who struggle to follow instructions and directional commands
- Children with undecided hand dominance who swap hands during a task

Product Attributes

- Age: 3+
