Product Description

Handle Thickening Grip Made of Foam - Mix / 4pcs Set

Handle thickening 4-piece mixed set

Grip made easy: The grip thickener for pens, cutlery and more!

Our foam grip thickeners are the ideal solution for anyone who has difficulty gripping pens, cutlery, or other objects. The different colors indicate the varying diameters of the openings. Each grip thickener is **29 cm long and can be easily cut to the desired length** with regular scissors . This ensures a perfect fit for your pens or cutlery.

Fatigue-free writing and eating: The high-quality grip thickenings made of polyurethane foam.

The grip reinforcements are made of **high-quality foam** , known for its soft, comfortable feel and durability. Thanks to their special design, they offer a **comfortable and non-slip grip** , preventing your fingers from tiring or hurting while writing or eating.

Our foam grip thickeners are easy to use and can be quickly and easily attached to any writing instrument or piece of cutlery. They can be cut to the desired length with scissors if needed.

DETAILS

Sizes and colors at a glance

The grey grip thickening with an inner diameter of 6 mm is perfect for pencils, fineliners, and other narrow writing instruments. Feel how your grip becomes firmer and your writing comfort improved.

The red grip, with a 9 mm diameter opening, is ideal for ballpoint pens, teaspoons, and small cutlery. The soft material conforms to your hand, giving you complete control over your writing and eating utensils.

The black handle thickening with an inner diameter of 12 mm is ideal for standard cutlery or other items of this size . Experience a new level of grip and comfort while using your cutlery and handling other everyday tasks with greater ease.

The blue handle with a 20 mm diameter opening is perfect for refill spoons, permanent markers, or other items of this size. Enjoy the comfortable feel and make your everyday tasks easier.
