Product Description

Let children take control of their learning with Ace; part learning companion, part magic wand!

All the fun of Hot Dots®, now available for younger children!

Designed for little hands, the Hot Dots Jr. Pen talks, laughs, lights up and even buzzes with excitement as children learn. Simply touch the pen to a dot and it responds instantly to congratulate correct answers and gently redirect incorrect answers. Perfect for independent, self-paced learning.

Requires 2 AAA batteries, not included.

Ace is compatible with all Hot Dots® card sets, available separately!
