Product Description

Akron magnetic Cow game contains 140 pieces of high quality wood in the form of 80 figures (8 models x 10 units), 42 counters numbered 0 to 20 and 18 counters with mathematical signs. Akros goal has been to make the very most of the educational values that we have conveyed over all these years to children in more than 50 different countries, and to continue creating and developing, in collaboration with teachers and skills development professionals, specialist products that facilitate a well-rounded education for young children.
