Product Description

Panel to plan activities that are done throughout the day, both at home and at school, and associate them with the daylight hours, in analog and digital format (12h / 24h).

Objective:

Learn to plan and organize the day's activities. Introduces the idea of "the hours" in analogue or digital format, by means of the basic daily activities in the child's environment.

Game instructions:

Fill in the board with the activities to be done at different hours of the day.

Activities can be classified into:

- Activities at home: playing, hygiene, things done alone
- Activities at school

Valid for 12 and 24 hour time format.

Product Attributes

- Age: 3+

DETAILS
