Product Description

-Fun to Play: This is a rainbow ball with some holes and colorful small balls inside, and a sponge in the center that allows the colorful balls to slide from one slot to the next when you press on them. You need to match all balls to their corresponding colored rings to complete the puzzle.

-Perfect educational toy: The magic cube puzzle balls are brain-teaser fidget sensory toys for kids to help improve logical thinking ability, enhance hand-brain coordination ability, matching color sensitivity ability, testing mental skills, challenging patients skills.

- Good for All Ages: The magic ball is a puzzle game that requires concentration, careful observation, and thinking, which can exercise the brain and improve problem-solving ability. And it can help kids reduce screen time and increase thinking skills, relieve the work pressure of adults. which is a great size to handy and can be taken anywhere.
- Safe Material: This rainbow puzzle ball crafted with eco-friendly ABS material, non-toxic and harmless, lightweight, and lies comfortably in the hand.
