Product Description

50 photographs depicting sequential activities 13 (3, 4 or 5 scenes).

EDUCATIONAL OBJECTIVES

Encouraging and enriching language use: These photographs make it easy to learn language naturally.

Up to the age of 3, they encourage young children to talk. From ages 3 to 6 they help children to structure

language and acquire a vocabulary and from 6 onwards they make it possible to enrich that vocabulary

and assimilate complex linguistic structures. They help to create a stimulating environment that

motivates the child to use language in speaking and listening to others in conversations (between teacherstudent, parent-child, student-student or in a small groups. In this way, comprehension and oral expression are enriched by means of using language in situations that are motivational for the child.

Multilingual learning: The photos can also be used for teaching a second language at oral level. They encourage the acquisition of vocabulary and the learning of complex linguistic structures in a way that is easy and appealing for the child and straightforward for the teacher by describing the sequences in the photographs.
