Product Description

Connect the elephants for number, colour and size sequencing fun

Explore early learning by the bucketful! Each appealing animal invites little hands to snap together and pull apart pieces, reinforcing fine motor skills. Great for animal-themed lessons and imaginative play too. Link them up from trunk to tail - sequence the elephants by number, colour or size. Each blanket is colour-coded to match the creature that comes next in numerical order. Includes five small and five large elephants. Large elephants measure 5.5cm. Includes a handy storage bucket. Skills reinforced: Numbers 1-10, colour and size sequencing.
