Product Description

A modern children's seating element in the shape of a snail that brings liveliness, comfort and functionality to any space. Designed primarily for kindergartens, schools and playrooms, this soft element combines ergonomic design with a visually appealing shape that stimulates children's imagination and motor skills. The large snail is ideal for children in nurseries. They can climb on it, go down ... It is made of strong and high-quality sponge, covered with a resistant PVC cover that is easy to wash and maintain.

Dimension: 100x35x30 cm
