### Product Description

Thanks to their age-based designs, our sorting sets for the youngest children motivate them to name the motifs illustrated. The elements on the wooden cards can be found in the different scenes on the puzzle board and make sorting easy and provide a self-check opportunity.

Which surroundings, situations and clothing items are typical for spring, summer, autumn and winter? Playing with the Sorting Set "Seasons", children discover the particularities

about the four seasons and learn about typical activities.

Encourages: naming of objects and animals),

Coordination and motor skills, sorting skills, Colours.
