Product Description

Designed for parents of special needs kids with speech or feeding disabilities, this kit includes the tools and information you need to start using OPT (Oral Placement Therapy) in your own home. If you have heard the “success stories” resulting from OPT techniques, but are unsure how to begin, this introductory kit is exactly what you've been looking for.

Includes:

- 1 Horn Kit
- 1 Straw Kit

- 1 Bite Tube Set
- 1 set of Straw Cups
- Homework Charts
