Product Description

This is a multi-use tip. The designed use is for tongue tip elevation for the t/d/n/l sounds. It provides sensory input for the client to find the correct position for these sounds. The Ridge Tip can be used for other areas including facial massage for sensory warmup.

- Alveolar ridge tip stimulation
- Cheek stimulation

- Mini front presentation of spoon tip
 - Buccal stimulation
 - Sensory massage of cheeks/Lips/Tongue
 - Tongue Tip Elevation/lateralization
 - Tongue Strengthening and mobility
 - To be used with the TalkTools® Sensi
 - Made in the USA
 - No BPA, PVC, latex, phthalates or lead
- ☐☐ Therapist/Adult supervision required.
- Use this tip for /t/d/n/l/ sounds
