Product Description

The grown-up version of TalkTools best-seller, the Honey Bear, allows you to control the flow of liquid into a teen or adult's mouth and promotes straw drinking. It is used by speech and feeding therapists to teach lip rounding, tongue retraction and other oral-motor skills. The flexible straw and the squeezable body of this cup make it the perfect tool for teaching teens and adults drinking independence.

The go-to adult therapy cup that teaches straw drinking

Leak-proof lid

Not dishwasher and microwave safe
Additional replacement straws sold separately
