Product Description

Blopens textile is a set of blow markers with an ink particularly suitable for use on textiles. Use a template to create a beautiful image, for example on a t-shirt or a bag.

Spray a beautiful silhouette on textiles with the blop and you don't have to do anything about it. Just let the ink dry well. The ink will remain if you don't wash it over 40 degrees in the washing machine!

- Suitable for ages 4 and up
- 5 markers/colors and 1 basic template

Note: Blopens paint/ink dries immediately and therefore may cause staining. We therefore recommend the use of a paint pad and apron when using!
