Product Description

Throw the dice and identify different real-life situations in which we perceive the sensory organ that appears on the die.

PEDAGOGICAL CHARACTERISTICS

The photographs illustrate perceptive experiences related to each of the senses and develop functional knowledge of the different sensorial organs.

They encourage the development of the skills of DESCRIPTION, EXPRESSION and VERBAL FLUENCY. The contexts, situations and characters represented in the photographs are familiar and similar to those which the child is used to. It is an excellent medium for LANGUAGE DEVELOPMENT, INCREASING VOCABULARY and the use of VERBS corresponding to the actions represented in the photographs.

PEDAGOGICAL OBJECTIVES:

- To increase knowledge of the importance of the functions of the 5 senses and the sensorial organs.
- To encourage the development of basic vocabulary.
- To improve psychomotor coordination through manipulation and pairing of the cards.
- To foster the development of observational skills, as much in terms of the actions, as the characters, situations and objects represented on the cards.
