Product Description

Build balance while practicing on this seesaw with rungs which comes in a classic wood finish. In fact, the seesaw offers two pieces of sports equipment in one: It can serve as a balancing pole – or as a swinging seesaw which you can stand, walk, sit or lie on. The high-quality solid wood finish of the seesaw with rounded off edges and stable wooden rungs provide a high degree of safety. 17 wooden rungs produce a tactile effect. The seesaw elements on the sides, which are 14 cm high, make a particularly wide swinging effect possible. This isn't only fun, but also promotes coordination skills and increases muscular strength.

Product Attributes

- Age: 3+

DETAILS

Material: beech wood

Measurements: 84 x 41 x 14 cm, thickness of the rungs 3 cm
